## SCM Instructor's Manual

The SCM Instructor's Manual is the most valued resource to all SCM Instructors. This 3-ringed binder with colored dividers separating each section of the curriculum contains everything an instructor needs for staff training. Every instructor receives a manual during their initial certification training; however, an extra copy could be a wise purchase in the event originals are misplaced or damaged. Be sure you have the materials you need!

Can only be purchased by SCM Certified Instructors - Not available to the general public.

SCM Instructor's Manual Insert only \$39.95

\$49.95 ea

## SCM Staff Training Workbooks

This is the companion document for the SCM Instructor's Manual and a vehicle by which your training effort is recorded and professionally verified. Presented in an interactive format, the workbook provides step-by-step coverage of the SCM curriculum. Using this workbook provides organizations, schools, instructors and trainees with an indispensable tool for preventing and/or managing aggressive behaviors.

## SCM Impact Cushion

The SCM Impact Cushion is a tool to assist teachers and social service professionals in the safe management of aggressive individuals. Specifically, it is designed to reduce head and facial injuries associated with head-banging and/or face rubbing behavior during emergency safety physical interventions. The SCM Impact Cushion is a safe alternative to pillows, towels and/or blankets that may be used, but present the potential for respiratory interference should the individual place their face into them.

In addition, the SCM Impact Cushion can be used as a defensive tool by staff to protect against spitting, biting, head-butting and/or punching behaviors. Availability of this tool will demonstrate your organization/school's attempt to promote safety for individuals served and staff. The current concern regarding the use of emergency safety physical interventions in crisis management dictates all organizations emphasize "safety". **The SCM Impact Cushion is a statement of "SAFETY"!**

Plus Elastic Hand Straps!

Dimensions: 16" x 16" x 2", heavy duty vinyl covering - anti bacterial and anti fungal, 2 sewn in elastic hand straps on reverse side of cushion. The SCM Impact Cushion should be wiped down with a mild disinfectant soap and water after each use. Patent # 5928755
